

# AUTO-IR

INK DEGRADANT / SCREEN WASH

APEO/NPEO FREE

AUTO-IR is a water miscible ink degradant/screen wash formulated to break-down Plastisol, Water-Based, and UV inks. AUTO-IR is ideal for automatic screen washing and reclaiming machines. AUTO-IR effectively removes Plastisol, Water-Based, and UV ink stains.

## Advantages

- Ideal For Use in Automatic Reclaiming Equipment
- Easy to Use
- Economical - Can Be Diluted 1:1 or 1:2 With Water
- Low Odor
- Immediately Breaks Down Ink
- High Flash Point
- Non-Hazardous
- High Solvency
- High Load Capacity to Reduce Usage
- Safe On All Types of Mesh
- Does Not Contain Alkylphenol Ethoxylates (APEO) / Nonylphenol Ethoxylates (NPEO)
- Does Not Contain HAPS (Hazardous Air Pollutants)

## Application - Reclaim Machines

AUTO-IR can be used full strength or diluted with water depending on ink volume or machine reclaim speed. Dilute AUTO-IR 1:1 or 1:2 with water when used for the removal of water-based inks.

## Application - Manual

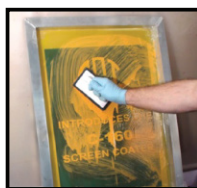

INK WASHOUT AT THE SINK:

Card excessive ink from the screen. Spray or apply manually to the ink side of the screen. Scrub both sides of the screen and allow the product to penetrate. Starting at the bottom of the screen, rinse off all residue.

1. Apply

2. Scrub

3. Rinse
