

# LED-EXP

UV LED EXPOSURE UNIT

CCI's table top LED-EXP is designed for conventional or direct-to-screen exposures. It will drastically increase production output for screen making while saving space and energy costs. The LED-EXP will also save in bulb usage and costs over metal-halide bulbs which are costly and constantly need to be replaced. Unlike metal-halide bulbs, LEDs do not require a light integrator. LEDs do not waste power and money while they sit idle like metal-halide bulbs. The LED-EXP will cut your exposure time by more than 70%. The LED-EXP's PLC controlled touch screen gives you complete control. Presets can be used for every mesh count and coating used. Simple, easy, and affordable!

TABLE TOP L.E.D.  
MODEL #TT2536

BASE CABINET  
MODEL #BC2536

### Product Overview

- ❖ Extremely Fast Exposure Times
- ❖ Touch Screen Display
- ❖ PLC Controlled
- ❖ Table Top Design
- ❖ Infinite Amount of Presets
- ❖ Energy Efficient LEDs
- ❖ No Light Integrator Required
- ❖ High Powered Vacuum Motor
- ❖ High Powered UV LEDs Optimized for Photopolymer and Diazo / Dual Cure Emulsions

### User Friendly Touch Screen Controls

DRYING RACK  
MODEL #DR2536

- ❖ Accommodates 8 Screens
- ❖ Max. screen – 25"x36"
- ❖ High / Low Temperature settings
- ❖ Fits LED-EXP Model #BC2536 & #BC3650
- ❖ 115v – 9.5 amp
- ❖ Dimensions: 25"(H)x40"(W)x33"(D)

MODEL #TT2536

- ❖ Accommodates 1ea. 23x31 or 1ea. 25x36
- ❖ Max. Screen – 25x36
- ❖ More Than 1400 UV LEDs
- ❖ 115v – 8 amp ( 15 FLA ) (In Use)  
115v – <1 amp (Idle)
- ❖ Dimensions: 12"(H)x55"(W)x38"(D)

MODEL #TT3650

- ❖ Accommodates 2ea. 23x31 or 2ea. 25x36 or 1ea. 30x40
- ❖ Max. Screen – 36x50
- ❖ More Than 2800 UV LEDs
- ❖ 115v – 10 amp ( 18 FLA ) (In Use)  
115v – <1 amp (Idle)
- ❖ Dimensions: 12"(H)x70"(W)x48"(D)

### BASE CABINET (OPTIONAL)

- ❖ Model #BC2536  
-Fits LED-EXP Model #TT2536  
-Dimensions: 26"(H)x55"(W)x35"(D)
- ❖ Model #BC3650  
-Fits LED-EXP Model #TT3650  
-Dimensions: 26"(H)x70"(W)x45"(D)

### VACUUM CHAMBER (OPTIONAL)

- ❖ Allows For Immediate Blanket Draw-Down. No Delay.
- ❖ Model #VC2536 Fits Model #TT2536
- ❖ Model #VC3650 Fits Model #TT3650
