

Hand Cleaner Dispenser

Chemical Consultants, Inc. now offers a simple, yet affordable solution for screen printers that are looking for a dispenser that can hold up to pumice based hand cleaners. Simple and easy to use, this dispenser allows for easy mounting and ease of use without compromising reliability.

This heavy duty wall mount hand cleaner dispenser is designed for use with one gallon jugs. Perfect for use at your factory, print shop or warehouse, this hand cleaner dispensing system requires less refills, which in return will save you time and money.
