

# Chemical Consultants INCORPORATED

## FAB-90

## Concentrated Fabric Degreaser

### General Description

**FAB-90 is a super-concentrated formula for degreasing and wetting all types of screen fabrics, including polyester, nylon and stainless steel. When completely water rinsed, FAB-90 leaves your fabric free of silicones or other types of oils that tend to leave a film or slippery active surface. FAB-90 will also reduce incidence of pinholes. Use this solution for degreasing new or used fabric of all types before stencil making.**

### Advantages

- **Easy To Use.**
- **Safe On All Types Of Mesh**
- **Non-Flammable**
- **Biodegradable**
- **Drain Acceptable To A Treatment Plant, After Soil Release, When Used As Directed**
- **Non-Photochemically Reactive**

### Application

**Dilute in a plastic container up to 1:3 with water.**

### **Quick Tip:**

**Be sure to Flood rinse the screen well. In this step, it is important to think of high volume and not high pressure water.**

**1. After removal of ink, block-out, and emulsion, spray *FAB-90* to the screen(both sides).**

**2. Scrub screen with non-abrasive pad or brush.**

**3. Flood rinse the screen starting at the top and washing all residue off the screen.**

### **Sizes Available:**

**Pint**

**Quart**

**4 x 1 Quart**

**Gallon**

**5 Gallon Pail**

**55 Gallon Drum**
