H/C-100

Paste Haze Remover

General Description

H/C-100 is a paste ghost/image stain remover that is designed for all ink systems. H/C-100's blend of water-based alkaline cleaners and solvent active detergents completely clean the mesh of stains. H/C-100 is designed to work fast, which greatly increases screen turn-around.

Quick Tip:

Flood rinse (hose pressure) the screen prior to the high pressure step.

This will eliminate the product from being atomized in the air (blow back).

Advantages

- Creamy Paste
- Fast Acting
- Biodegradable / Drain Safe
- Low Odor
- Low VOC (Volatile Organic Compound)
- High Load Capacity To Reduce Usage
- Non Flammable
- Mesh Safe
- Ideal For Use On Multiple Deep Stains
- Contains A Proprietary Mesh Protector

**Use of a High Pressure Unit Greatly Increases Product Performance.*
