LIQUID RENU-IT®

Liquid Haze Remover

General Description

LIQUID RENU-IT® is a semi-viscous dehazer and degreaser that is designed for the removal of cured stains on a variety of inks. **LIQUID RENU-IT®** cleans stains off of mesh with less noticeable odor.

Advantages

- **Fast Acting**
- **Biodegradable / Drain Safe**
- **Low Odor**
- **Low VOC (Volatile Organic Compound)**
- **High Load Capacity To Reduce Usage**
- **Non-Hazardous / Non-Corrosive**
- **Non Flammable**
- **Mesh Safe**
- **Ideal For Use On Multiple Deep Stains**
- **Contains A Proprietary Mesh Protector**

Quick Tip:

Flood rinse (hose pressure) the screen prior to the high pressure step.

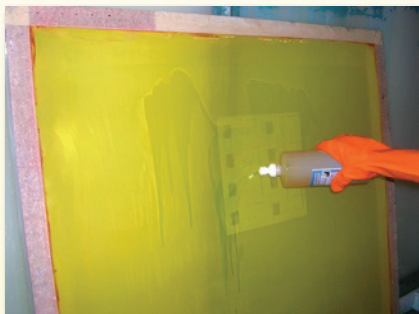

This will eliminate the product from being atomized in the air (blow back)

1000P.S.I.

**Use of a High Pressure Unit Greatly Increases Product Performance.*

Application

Step 1. Apply LIQUID RENU-IT® to both sides of the screen.

Step 2. Scrub screen with non-abrasive pad or brush. Allow screen to sit for up to 10 minutes.

Step 3. High pressure rinse - starting at bottom.
