WhiteOut

GHOST / IMAGE STAIN REMOVER

General Description

WhiteOut is a low odor paste ghost/image stain remover that is designed for all ink systems. *WhiteOut's* blend of water-based alkaline cleaners and solvent active detergents completely clean the mesh of stains.

WhiteOut is designed to work fast, which greatly increases screen turn-around.

Advantages

- No Mixing Required
- Creamy White Paste
- Fast Acting
- Biodegradable / Drain Safe
- Low Odor
- Low VOC (Volatile Organic Compound)
- High Load Capacity To Reduce Usage
- Non Flammable
- Mesh Safe
- Ideal For Use On Multiple Deep Stains
- Contains A Proprietary Mesh Protector

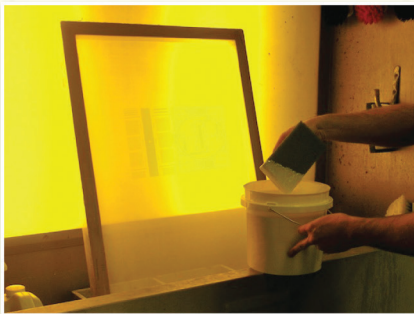

**Use of a High Pressure Unit Greatly Increases Product Performance.*

Quick Tip:

Flood rinse (hose pressure) the screen prior to the high pressure step.

This will eliminate the product from being atomized in the air (blow back)

Application

Step 1. Apply *WhiteOut* to both sides of the screen.

Step 2. Scrub screen with non-abrasive pad or brush. Allow screen to sit for up to 10 minutes.

Step 3. High pressure rinse - starting at bottom.

Sizes Available:

Pint (1 lb net)

Quart (2 lb net)

Gallon (8 lb net)

5 Gallon Pail (42 lb net)
